

NEW DOCTORS ARE LICENSED

State Board Issues Certificates to 105 Practitioners of Medicine

SEVENTY FAIL ON EXAMINATION

Many Are From Other States, and Some Have Been in Profession Elsewhere for Years. Richmond Colleges Lead in List of Graduates.

As a result of the recent examination conducted by the State Board of Medical Examiners of applicants for licenses to practice medicine and surgery in Virginia, 105 of the 175 candidates have been given this right. The percentage is regarded as a good one in these days of rather rigid examinations. While the greater number of the newly licensed sawbones graduated from Virginia medical colleges, quite a sprinkling secured their technical education elsewhere. In many of these instances, however, it will be noted that the diplomas date some years back, indicating that the men have been practicing in other States, from which they probably originally hailed, and are only now planning to move to Virginia.

Bright's Disease

Since Mrs. C. Boole was cured of this dread disease, when her doctors said nothing could be done, she would not be without this remarkable medicine in her home.

WARNER'S SAFE CURE

Mrs. C. Boole, of W. Winnipeg, Dickens, Man., Can., writes: "I am pleased to inform you that I have been greatly benefited by the use of Warner's Safe Cure. I had been ill for some time, had been to several doctors, and they all told me I had severe kidney trouble. Two doctors said it was Bright's disease and there was no cure."

Before taking Warner's Safe Cure I could only sit bolted up with pillows, could not sleep more than one to two hours at a time, and my agony was terrible. The first two bottles gave me relief, and I could sit and sleep better. By the time I had finished the sixth bottle of medicine I was able to do my house work comfortably.

I have taken about 15 bottles of Warner's Safe Cure, and several boxes of pills. I still continue to take it at times, and the pills I keep as a household remedy.

I cannot speak too highly of your medicine, and only wish I had commenced its use sooner, as I am sure it would have saved me many hours of agony."

Warner's Safe Cure has been tested many years, and has always been found to be a wonderful remedy for all forms of kidney and liver disease. It is a stimulant to digestion, and awakens the torpid liver, putting the patient into the best receptive state for the work of the restorer of the kidneys. Put up in 50c and \$1.00 sizes, and sold by druggists everywhere.

For constipation and biliousness take Warner's Safe Pills, purely vegetable, absolutely free from injurious substances, a perfect laxative. They do not gripe or leave any bad after effects. 25 cents a box.

To convince every sufferer from disease of the kidneys and liver that WARNER'S SAFE CURE will absolutely cure, a sample bottle and a sample box of Warner's Safe Pills will be sent FREE OF CHARGE, postpaid, to any one who will write WARNER'S SAFE CURE CO., Rochester, N. Y., and mention having seen this liberal offer in the Richmond Times-Dispatch. The genuineness of this offer is fully guaranteed by the publisher.

MAN SHOTS STEPFATHER.

Cyrus Curtis Killed by James Thomas, Who Is Lodged in Boydton Jail. (Special to The Times-Dispatch.) Boydton, Va., August 6.—James Thomas shot and killed his stepfather, Cyrus Curtis, on Tuesday night at the home of the latter, who resided about eight miles from Boydton.

Curtis was shot in the head and died instantly. Thomas has been arrested, and lodged in jail here to await trial in the Circuit Court of Mecklenburg.

All day long visiting knights have been arriving at the various railroad terminals, and Sir Knight Benjamin S. Wilson, chairman of the reception committee, assisted by a picturesque band of horsemen, has been kept busy escorting the various visiting commanderies to their headquarters.

A Million Visitors. In addition to the thousands of knights, other visitors are pouring in from all over the country to witness the spectacle, and by the time the conclave opens it is estimated that the population of the city will be increased by at least 1,000,000.

The arrangements for the entertainment of the visiting knights have been made on a most elaborate scale by the executive committee appointed by the Illinois Grand Commandery.

As the conclave will mean the addition of many dollars to the bank accounts of the city, the country witnesses the spectacle, and by the time the conclave opens it is estimated that the population of the city will be increased by at least 1,000,000.

The entire city is a blaze of light. In the downtown district the skyscrapers have been outlined with electric bulbs, and the artistic arches and shafts which have been erected along the main thoroughfares, are a mass of incandescent lights.

In front of the LaSalle Hotel, the headquarters of the State Commandery, is a magnificent white arch, and in Grant Park, opposite the Congress Hotel, which is the headquarters of the Grand Commandery of the United States and of the visiting knights from England, is a towering structure 130 feet high, which is ablaze with thousands of electric lights.

All the public buildings, principal hotels and business houses are bedecked in gay colors, and the insignia of the Knights-Templars and the Stars and Stripes mingle their colors in every

Hall at 10:30 A. M. when Sir Knight George H. McAdam, D. D., of Madison, Wis., will officiate. A notable gathering of knights will attend this service. The Grand Commandery of the United States will go to the hall, escorted by Sir Knights of the various commanderies of Cook county, under the command of Benjamin S. Wilson, chairman of the escort committee. The grand organist of the Grand Commandery of Illinois will have charge of the music, and the choir will consist of several male quartets.

The conclave proper will open on Monday, when the Grand and subordinate commanderies will be received and taken to their hotels. In the evening the local and visiting commanderies will keep open house at their headquarters.

Tuesday will witness the big parade, when it is estimated that full 50,000 knights in uniform will be in line.

Along the line of march columns and emblematic arches have been erected, the first of which is the Entrance Arch on Michigan Boulevard, south of Blackstone Hotel. This structure represents a tall castle of knightly days, under which the marchers will pass, emerging on the other side in front of a great reviewing stand in Grant Park, holding 30,000 persons. Further on will be the reviewing stand for the Mayor and city officials, and another for the Governor of the State and his staff.

After passing up Michigan Boulevard from Thirty-first Street, where the parade will form the line will turn at Washington Street, and proceeding to State Street, will pass through the "Templar Way," erected in that thoroughfare as far as Jackson Boulevard. The line of march will then be to LaSalle Street and to the City Hall, the distance covered being forty-three blocks.

Wednesday and Thursday will be devoted to competitive drills, when handsome trophies will be awarded for the championship honors of the United States. There will also be exhibition drills by the various commanderies.

Following the drills, the distinguished personage who will view the coming Knights-Templars conclave and parade will be His Royal Highness Ferdinand, Duc de Montpensier, Prince de Bourbon-Orleans, for whom reservations have been made at the Hotel LaSalle.

The duke is a brother of the Queen Mother of Portugal, a cousin of King Alfonso of Spain, grandson of Louis Philippe, former King of France, and brother of the Duke de Orleans, pretender to the throne of France, which makes him the heir apparent. He is on a hunting tour of the United States. He is accompanied by the Duke de Orleans, and will bring an aeroplane with him.

One of the most striking figures in the convention will be Sir Knight William Bromwell Moller, Rt. Eminent Deputy Grand Master of the encampment, who most probably will be elected to succeed Sir Knight Harry W. Ruggs, of Providence, R. I., the grand master who died last week.

Others widely known are Sir Knight George H. McAdam, D. D., who preaches the opening sermon of the conclave at Orchestral Hall Sunday morning; William A. Shapp, the responsible head of the Executive Committee, and Benjamin S. Wilson, secretary of the executive committee.

10,000 Visiting Women. While the Sir Knights are being kept busy attending the round of receptions and entertainments planned for them by the Illinois Commandery, the 10,000 visiting women guests will not be without entertainment.

The women of the Ladies' Auxiliary to the Grand Commandery of Illinois, acting as a ladies' reception committee to have charge of social functions, have their plans well completed for the big automobile trip August 9, and the reception to be held on the roof of the Hotel LaSalle on the day following.

The women who will have charge of these affairs are: Mrs. John D. Cleveland, wife of the R. E. grand commander of Illinois; Mrs. Harry Hayes Cleveland, Mrs. Arthur M. Oltman, Mrs. William L. Sharp, Mrs. Stuart E. Plerson, Mrs. Thomas A. Stevenson, Mrs. Charles E. Parker, Mrs. Sylvester O. Spring, Mrs. Harris A. Wheeler, Mrs. Louis A. Mills, Mrs. Andrew J. Redmond, Mrs. Andrew L. Anderson, and Mrs. Chester L. Gurney. Besides entertaining thousands of guests accredited to them, the women
